- ★ Team & Resource Overview

## Web Development

Full-spectrum frontend and backend engineering — from pixel-perfect interfaces to high-performance APIs and real-time applications.

TEAM SIZE <b>8</b>	KEY ROLES Frontend Developers, Backend Developers, Full-Stack Engineers, API Architects, Project Managers	● Available Now
-----------------------	--	-----------------

## Mobile App Development

Native and cross-platform mobile applications for iOS, Android, and beyond — from concept to App Store deployment.

TEAM SIZE <b>5</b>	KEY ROLES iOS Developers, Android Developers, Flutter Developers, React Native Developers, Project Managers	● Available Now
-----------------------	--	-----------------

## SaaS Product Development

End-to-end SaaS engineering — multi-tenant architecture, subscription billing, analytics, and scalable infrastructure for production-grade products.

TEAM SIZE <b>4</b>	KEY ROLES Product Engineers, Solution Architects, Backend Specialists, Project Managers	● Available Now
-----------------------	--	-----------------

## CMS & E-Commerce

Custom WordPress and Shopify development — themes, plugins, apps, headless setups, and full e-commerce solutions from storefront to checkout.

<p>TEAM SIZE</p> <p><b>5</b></p>	<p>KEY ROLES</p> <p>WordPress Developers, WP Plugin Engineers, Shopify Developers, Shopify App Developers, WooCommerce Specialists, Project Managers</p>	<p>● Available Now</p>
----------------------------------	--	------------------------

## AI Integration & Services

From GPT-powered chatbots to custom ML models and RAG pipelines — we integrate intelligent AI capabilities directly into your products.

<p>TEAM SIZE</p> <p><b>3</b></p>	<p>KEY ROLES</p> <p>ML Engineers, AI Developers, Data Scientists, NLP Specialists, Project Managers</p>	<p>● Available Now</p>
----------------------------------	---	------------------------

## AI Workflow & Automation

Intelligent automation pipelines that connect your tools, eliminate repetitive work, and run complex business processes on autopilot.

<p>TEAM SIZE</p> <p><b>3</b></p>	<p>KEY ROLES</p> <p>Automation Specialists, Integration Engineers, Bot Developers, Project Managers</p>	<p>● Available Now</p>
----------------------------------	---	------------------------

## UI/UX Design & Graphics

Research-driven design, pixel-perfect interfaces, complete design systems, and brand-aligned graphics for digital products at any scale.

TEAM SIZE <b>4</b>	KEY ROLES UI Designers, UX Researchers, Graphic Designers, Brand Designers, Project Managers	● Available Now
-----------------------	---	-----------------

## 2D/3D Modeling & Sculpting

Photorealistic 3D assets, digital sculpting, texture painting, and real-time-ready models for games, products, and immersive experiences.

TEAM SIZE <b>3</b>	KEY ROLES 3D Artists, Digital Sculptors, Texture Artists, Environment Artists, Project Managers	● Available Now
-----------------------	--	-----------------

## Animation & Video Production

Motion graphics, character animation, explainer videos, product showcases, and post-production editing for broadcast-quality deliverables.

TEAM SIZE <b>3</b>	KEY ROLES Animators, Motion Designers, Video Editors, VFX Artists, Project Managers	● Available Now
-----------------------	--	-----------------

10 / 11

## Cloud & DevOps

Infrastructure as code, CI/CD pipelines, container orchestration, and cloud-native architecture for reliable, scalable deployments.

TEAM SIZE <b>3</b>	KEY ROLES DevOps Engineers, Cloud Architects, SRE / Infrastructure, Project Managers	● Available Now
-----------------------	---	-----------------

11 / 11

## SEO & Digital Marketing

Data-driven SEO, precision-targeted Google Ads, and high-converting Meta Ads campaigns — from technical audits and keyword strategy to paid acquisition and remarketing funnels.

TEAM SIZE <b>4</b>	KEY ROLES SEO Specialists, Google Ads Managers, Meta Ads Strategists, Analytics Experts, Content Strategists, Project Managers	● Available Now
-----------------------	---	-----------------
